MEMORANDUM FOR: CIA Librarian *ASX*

SUBJECT: Latin American Paper for Citation in PROCIB Minutes

25X1A9a

1. With reference to Mr. [REDACTED]'s suggestion this date that the minutes of the last PROCIB session make reference to as well as enclose a copy of the subject paper, I recommend something like the following be included in those minutes:

Political Newspapers and Journals of Latin America - A Working Paper, dated May 15, 1961, copy attached, is a 133 page study compiled by Mr. [REDACTED] Acting Latin America 25X1A9a Area Coordinator, in the CIA Library's Acquisitions Branch. This study was requested by the Pan American Union to facilitate discussion by Latin American scholars and librarians at the Sixth Seminar on the Acquisition of Latin American Library Materials, held at Southern Illinois University, Carbondale, Illinois, on July 6-8, 1961.

2. It is my feeling that this kind of citation will tend to put the publication in some respectable area of authority, since it bears no author or other identity at present.
